- \_\_\_\_\_ 50485244 **Inventions** Transcriptions for 2 Four-String Electric  
Basses (Di Natale)  
The Bach Two-Part Inventions are among the most famous  
of Baroque keyboard pieces. Marco Di Natale has  
transcribed this music for two electric basses, making a  
Bach to Rock connection. Included are 5 pieces: Invention  
No. 1 in C Major, Invention No. 2 in C minor, Invention  
No. 6 in E Major, Invention No. 8 in F Major, Invention  
No. 13 in A minor. The score also comes with a CD-ROM,  
allowing a bass player to listen to the pieces, and play  
along with either of the two parts at any tempo. The CD-  
ROM also may be used in a conventional CD player, with  
each of the two parts on a separate stereo channel. This  
Italian publication is fully translated, with Italian and  
English text. Ricordi.....\$14.95

**DUNCAN, CHARLES****A Modern Approach to Classical Guitar**

Now Available with CDs!

This multi-volume method was developed to allow students to study the art of classical guitar within a new, more contemporary framework. For private class or self-instruction. Book One features an all new format that incorporates chord frames and symbols, as well as a CD to assist in tuning and to provide accompaniments for at home practice. Book One also introduces beginning fingerboard technique and music theory. Book Two and Three build upon the techniques learned in Book one.

The beauty and romance of the classical guitar is brought home in this fascinating lesson by one of the world's top players. Frederic Hand applies the essential techniques that he taught on his first Homespun video to seven well-known and beloved student pieces. He demonstrates ornamentation, slurs, rhythmic and melodic subtleties, timbral shadings, the importance of correct plucking strokes and other invaluable pointers. Includes three lute pieces from the Italian Renaissance – Vaghe Belleze, Bianco Fiore, and Danza – plus Bach's Sarabande, Sor's Study in B Minor, Tarrega's Adelita, and Hand's own distinguished arrangement of the traditional Shaker hymn Simple Gifts. **A Modern Method For Guitar**

A practical and comprehensive guitar method in three volumes, designed for the serious student, and used as the basic text for the Berklee College of Music guitar program. With its unique approach, the student develops technique in both hands as he/she learns to read music. Innovative solos, duets and exercises progressively teach melody, harmony and rhythm. For beginning through advanced levels of playing this is the method that has inspired tremendous loyalty among teachers and students. Demonstration audio is available for the first two volumes, either sold separately or as a book/audio package.

**Volume 1**

A beginning level book presenting a comprehensive range of guitar and music fundamentals. Included are scales, melodic studies, chord and arpeggio studies, special exercises for both hands, accompaniment techniques, and a unique approach to voice leading using movable chord forms.

## PARKENING, CHRISTOPHER

- \_\_\_\_\_ 00695228 **Christopher Parkening Guitar Method, Vol. 1  
The Art and Technique of the Classical Guitar**  
This premier method for the beginning classical guitarist, by one of the world's pre-eminent virtuosos and the recognized heir to the legacy of Andrés Segovia, is now completely revised and updated! Guitarists will learn basic classical technique by playing over 50 beautiful classical, 26 exercises and 14 duets, and through numerous photos and illustrations. The method covers rudiments of classical technique, note reading and music theory, selection and care of guitars, strategies for effective practicing, and much more!.....\$12.95
- \_\_\_\_\_ 00695229 **Christopher Parkening Guitar Method, Vol. 2**  
An outstanding source for the technique and repertoire of the classical guitar, this book continues where Vol. 1 leaves off. It teaches: all notes in the upper position; tone production; advanced techniques such as tremolo, harmonics, vibrato, pizzicato and slurs; practice tips; stylistic interpretation; and more. The first half of the book deals primarily with technique, while the second half of the book applies the technique with repertoire pieces. As a special bonus, this book includes 32 previously unpublished Parkening edition pieces by composers including Dowland, Bach, Scarlatti, Sor, Tareggá and others, plus three guitar duets.....\$12.95

A supplement to a modern approach to classical guitar. Arranged, edited and performed by Charles Duncan This book contains 32 classical guitar duet arrangements for either recreational or instructional use. The sequence of pieces is based on the difficulty of the first guitar part. However, the level of difficulty is indicated at the beginning of each piece for both parts. The accompanying audio allows players to practice and play each piece as a duet. 45-minute audio accompaniment.
